

FEB. 13, 1968

Beaver R.

Meeting was called to order by Donald C. Morseth, Distribution Engineer from the State Engineer's office at 3:00 P. M. He stated the purpose for the meeting and then turned it over to Wallace D. Yardley, chairman for the Beaver River Water Users. Mr. Yardley had Mr. Morseth read the minutes of 1967. The assessment levied for 1967 was sufficient to cover the budget for 1967 and to pay expenses until 1968 assessment could be collected.

A motion was made by Arnold Low and seconded by John Anderson to accept the financial report. The motion was passed unanimously.

Applications for water commissioner were submitted by Lee Strong and James E. Bohn and read to the group by Wallace D. Yardley. Some discussion as to the qualifications of Mr. Gohn followed. A motion was made by Stanley McKnight and seconded by Presley Whorham that we recommend Lee Strong as water commissioner. Lee Strong ~~accepted~~. *was accepted by State Engineer.*

Mr. Strong gave the 1967 Commissioners report. In it he suggested that if the ditches—Northwest, Tanner and Lindsay—were ever to combine and be placed outside of town to the north, it would have to be done soon as arrangements with the state road for a larger flume would have to be made. Earl Smith was assigned to contact S. Albert Smith, President of Tanner ditch regarding this matter.

Mr. Strong requested that measuring devices be placed in the spring channels along the proposed interstate 15 and good measurements be taken and accurate records kept.

It was moved by Gilbert Yardley and seconded by John Ashworth that Mr. Strong work with the users of the spring streams. The motion passed. He also recommended that commissioners annual report be reproduced, used and kept for future reference.

It was moved by Bob Mowers and seconded by Wm. Yardley that \$100.00 be set up in the budget to cover the expenses of reproducing the commissioners report. The motion passed.

Leon Paice made a motion which was seconded by John Ashworth that the commissioners ~~report~~ report be accepted. The motion carried.

A motion was made by Wm. Wood and seconded by ~~John Ashworth~~ Arnold Low that the budget for 1968 be set the same as 1967 with the additional \$100.00 for the commissioners report. The motion passed.

A motion was made by John Ashworth and seconded by John Anderson that we retain the old board as follows:

|                    |             |
|--------------------|-------------|
| Stanley McKnight   | Minersville |
| Wm. Wood           | Minersville |
| Wallace D. Yardley | Beaver      |
| Arnold Low         | Beaver      |
| D. James Williams  | Greenville  |

State Engineer Mr. Lambert said he was pleased with the cooperation of the users but was much concerned with the delinquency of assessments.

Meeting was adjourned.

LOCAL BOARD MEETING HELD FOLLOWING THE ANNUAL WATER MEETING Feb. 13,  
1968

This meeting was held in the Beaver County Court Room under the direction of Wallace D. Yardley. Earl Smith was appointed secretary.

As a result of a letter written by C. Edwin Paice to the Forest Service regarding the removal of trash trees from the Beaver Forest, they invited the board to go over the project at Sheep Creek with them. It was agreed that Mr. Yardley contact the local forest service for an appointment.

The organization for 1968 was set up as follows:

|                    |               |
|--------------------|---------------|
| Wallace D. Yardley | Chairman      |
| Stanley McKnight   | Vice chairman |
| Earl Smith         | Secretary     |

The same budget as last year was set up for 1968 with an additional \$100.00 to cover expenses on the preparing of the commissioners report. Assessments to the water users were to remain the same as last year.

The meeting was adjourned by Wallace D. Yardley

Earl Smith
